

**PRESS RELEASE: iHealth Innovative Solutions, LLC awarded GSA IT Schedule 70 contract  
FOR IMMEDIATE RELEASE**

**Date: February 6, 2020**

iHealth Innovative Solutions (iHealth), a provider of mission-critical health information technology, cyber security, and cloud management services for the U.S. government, has been awarded a five-year U.S. General Services Administration (GSA) IT Schedule 70 contract to provide professional information technology services and health information technology services to federal, state and local government agencies. According to GSA, IT Schedule 70 delivers government agencies the tools and expertise to shorten procurement cycles and obtain the best value for innovative technology products and services.

GSA has approved iHealth to participate as a prime contractor for awards in Special Item Numbers 132-51 (i.e., information technology professional services) and 132-52 (i.e., health information technology services).

iHealth's clients include the Department of Health and Human Services (HHS), National Institute of Health, US Court of Appeals for Veterans Claims, and Millennium Challenge Corporation to name a few. iHealth Federal's services range from cloud transformation, electronic health records management, project and program management, data analytics and health intelligence, application development, and cyber security supporting specific functions at these Agencies.

For more information about iHealth's GSA IT Schedule 70 contract services please go to [www.gsaadvantage.gov](http://www.gsaadvantage.gov) (**Contract # 47QTCA20D005S**) or visit iHealth at [www.ihealthis.com](http://www.ihealthis.com). The contract award period runs from February 6, 2020, through February 5, 2022.

**About iHealth Innovative Solutions, LLC.**

Founded in 2013, iHealth Innovative Solutions (iHealth), is a small SBA certified health information technology organization located in the heart of Washington, DC.
