# ABOUT

iHealth Innovative Solutions (iHealth) is a small SBA-certified health information technology organization located in the heart of Washington, DC. Our focus is on bridging the gap between healthcare and technology. We do this by leveraging best of breed solutions to address complex problems that can not only deliver remarkable cost-saving outcomes, but also accelerate discoveries using health intelligence and analytics. Our niche capabilities also include cloud transformation and implementation; electronic health records management; program and project management; application development; and protecting the environment with state-of-the-art cyber security detection solutions.
