iHealth Innovative Solutions (iHealth) is a small CBE and SBA-certified HUBZone health information technology organization located in Washington, DC with national and global presence. Our focus is on bridging the gap between healthcare, science, research, and technology. We do this by leveraging best of breed solutions to address complex problems that can not only deliver remarkable cost-saving outcomes, but also accelerate discoveries using health intelligence and analytics. Our niche capabilities also include cloud transformation and implementation; electronic health records management; program and project management; application development; and protecting environments with state-of-the-art cyber security detection solutions.

iHealth Covid-19 Antigen Rapid Test Kit

- **FDA Authorized 15-Minute Self-Test:** This is a self-test to detect whether or not an individual has COVID-19. The test can be completed in the comfort of your own home without the need to ship your sample to a lab.
- **The iHealth COVID-19 Antigen Rapid Test** is a lateral flow assay intended for the qualitative detection of nucleocapsid protein antigen from SARS-CoV-2.
- **Easy to Use with Zero Discomfort:** Test can be done by inserting 1/2 to 3/4 inch of a simple non-invasive nasal swab. Step-by-step instructional videos are available in our app. (Installation of app is optional).
- **For Ages 2 and Above :** The self-administered test is recommended for individuals aged 15 years and older. Adult-collection is required for testing children 2-14 years old.

Brand Name : iHealth
Global Trade Identification Number : 10856362005897
Item Weight : 1.98 ounces
Part Number : ICO-3000
UNSPSC Code : 42312300
Product Dimensions : 6.18 x 3.19 x 0.71 inches; 1.98 Ounces
